Thanks Holly! Mimi actually forwarded to me and I let her know the status of selenium and forwarded to Mario. Appreciate if you don't mind cc'ing us on future emails so I can help her/Jim with questions about timing and such. I'm glad you put it on Jim's radar, and am hopeful that some of the previous BEs he worked on for ammonia and the work Joe is doing for Tonya on selenium might come in handy, but I actually don't know how much overlap there is between the species in the Dakotas and the others that ERAB folks have looked at. You probably have a better handle on that. The more we build up the repertoire of past BEs, the easier future ones will be, cross fingers 🙏

Thanks again,
Erica

Ex. 5 Deliberative Process (DP)

Also, my Section Chief, Andrew Todd, concurs that the footnotes look good.

Thanks so much!
Holly

Hi Mimi. Thanks so much for letting Jim know about the upcoming effects assessments.

Ex. 5 Deliberative Process (DP)

I intend to get rolling on the BEs for both states in December. It's going to be a very busy winter! (For you, too - in a much better way! Yay!)

Have a great evening!

Holly

Thanks for taking the time to review Holly (and to Tonya again)! I've relayed your comments on the 'Improving Consultation and Process' section with Kaitlyn in OP.

Thanks also for showing your support for the WATA initiative, and continued coordination with HECD. We are also very grateful to Jim and the rest of the folks in his branch that he's training.

Ex. 5 Deliberative Process (DP)

Have a great rest of your afternoon!
Mimi

Hi Mimi, thanks so much for the opportunity to review the sections you flagged - and for your patience. It was really interesting to read the summary of the survey results.

Hi Mimi, no need to wait on my account. I'm more curious than anything to see the results of the survey.

I'll open the documents for review shortly.

Thanks,
Holly

Hi Holly, no problem, let us know what comments you have when you get to it today. At some point I'm supposed to share our draft recommendations with Corey at the branch level, but can try to wait until this afternoon.

Thanks! 😊

Subject: quick question about ESA survey results summary

Hi Mimi, I'm so excited for you woo hoo!!

Hey so I've been immersed in a North Dakota Se issue so haven't had a chance to review the ESA survey results summary. So sorry! I know the deadline was COB yesterday and that Tonya sent you her comments so we're covered, but I would like to take a look at the Executive Summary and the Improving the Consultation Process sections today. If I have any comments I'll let you know.

Have a great day!!

Holly
